Ideas matter. When the term "mind mapping" was coined by Tony Buzan on the BBC's Use Your Head in 1974, the ways in which we take notes, brainstorm and study changed forever. We look at what makes this technique so special, which mind mapping technique you should choose, and what the benefits of mind mapping are.

Flashbulb memory has as much to do with your perception of the world and your social setting following events as it does with memory. For example, if I had met Tony Buzan, but had no interest in memory or people to speak about memory week after week, it is quite likely that I would not experience a flashbulb memory every time I hear his name.
