Modes are made for soloing over chords. Each mode is able to play over a specific set of chords. If the chord is dominant, like a G7 or G9, you'd want to play the Mixolydian mode. If it is a minor chord, you can play the dorian, phrygian, or aeolian mode. As the chords get more complex, the mode choices go down.

[Chord | Definition of Chord at Dictionary.com](#)

Remember that the chord tones (scale degrees 1,3,5,7) are the most powerful and stable places to land. Paying attention to the way you weave your melody from one chord tone to the next as your harmony develops is vital for good melody writing. Try, try, and try again. Strong melody-writing isn't a skill that can be developed overnight.

Maybe try landing phrases on chord tones even if they are not in the blues scale. This can make things really interesting and also explore variety with rhythm. I often see people starting at lead and the've got it all together if they just add a bit more variety to the timing of the phrases (how long they hold notes, appropriate use of rests

[Guitar Scales - The 6 Most Common Guitar Scales](#)

As a culmination of combining chords and single notes you move into playing where the one guitar part can carry melody, chords and potentially bass all in the one part. This is achieved through finger picking styles such as fingerstyle guitar, classical guitar or the chord-melody playing of jazz musicians.

[The Learning Guitar Roadmap - The Stages of Learning Guitar](#)

A riff is a repeated chord progression or refrain in music (also known as an ostinato figure in classical music); it is a pattern, or melody, often played by the rhythm section instruments or solo instrument, that forms the basis or accompaniment of a musical composition. Though riffs are most often found in rock music, heavy metal music, Latin, funk and jazz, classical music is also sometimes ...

[Riff - Wikipedia](#)

Vocal tunes are sometimes written with a fully tabbed-out introduction and a vocal melody with chord diagrams for the rest of the piece. The tab intro is usually your indication of which strum or fingerpicking pattern to use in the rest of the piece. The melody with lyrics underneath is the melody sung by the vocalist.

[Acoustic Guitar Notation Guide - Acoustic Guitar](#)

Calling it a mode is overcomplicating things. You've got two major chords which will generally tell you what key you're in. If you have G and A (or any two major chords a tone apart) then those are the 4 and 5 chord of the key, and the root of the key is a 4th above the latter chord, or a 4th below the former chord.
