Aqualisa Digital Pumped Shower 425600/05/07/ My Aqualisa shower has a habit of dripping after a few years of use. The first time this happened to me was during the warranty period so Aqualisa replaced the whole unit for me. The next time was after the warranty had expired so rather than spend a fortune on another unit I found out how to repair it.

**A quick introduction to digital & smart showers What is a digital shower? The main difference between a digital shower and a common mixer shower is the use of electrical power to control elements such as water temperature, flow and your choice of outlet. In most mixer showers, these aspects are controlled manually using a dial or lever mechanism, however with digital showers it is more likely ...**
