This tv comes so close, but yet so far away from what I'm looking for. And the worst part of all, is that it's completely on purpose to push bravia oled. Funny how my 2017 full array looks nothing like this, but magically all the tvs after Sony launched the a1e, their full array line has been getting worse and worse.

The first part of the model name (before the hyphen) indicates the TV's resolution: 2K (KDL) and 4K (KD).; The numbers after the numbers after the hyphen indicates the screen size in inches ; The final sequence of letters and numbers conveys a certain production series. That's more important for support and repair purposes The last letter can indicate a variance in the colour of the bezel ...
