Pain and pain pathways 1. PAIN AND PAIN PATHWAYS
1
Presented by:
Dr. Dhvani Gohil
 2. "I don't accept the maxim 'there's no gain without pain', physical or emotional. I believe it is possible to develop and grow with joy rather than grief. However, when the pain comes my way, I try to get the most growth out of it."

As a naturally occurring carboxylic acid, propionic acid typically undergoes metabolism via conversion to propionyl coenzyme A (propionyl-CoA), which is part of the usual metabolic pathway that carboxylic acids participate within in the human body [A32977, L2722]. Most of propionic acid's antibacterial and preservative activities subsequently stem from this metabolic pathway as the metabolic ...

Toothache, also known as dental pain, is pain in the teeth or their supporting structures, caused by dental diseases or pain referred to the teeth by non-dental diseases. When severe it may impact sleep, eating, and other daily activities. Common causes include inflammation of the pulp, (usually in response to tooth decay, dental trauma, or other factors), dentin hypersensitivity, apical ...
