The Kroot have a Cannibalism Superpower version of Adaptive Ability, allowing them to evolve new traits by consuming the flesh of critters with those traits — eat strong, tough creatures, like Orks, and the Kroot will grow stronger and tougher. The downside is, they can't turn this off, so if they don't eat a balanced diet — and, more ...

Telepathy is the go-to superpower that a lot of fans want. Right up there with flight and invisibility, fans think about how great it would be to have the ability to read minds. It's a fair desire, too. Just starting out, being able to read anyone's mind at any time opens you up to a world of possibilities. And there are a host of benefits as well.

Leaps and Bounds. This kitty obviously had some very important cat stuff to do. She couldn't be bothered with this pesky human or its head. The cat has to be jumping from somewhere, and it couldn't possibly be jumping off her head – although judging by the way her hair looks, maybe that is the case.
