The Second World War changed the United States for women, and women in turn transformed their nation. Over three hundred fifty thousand women volunteered for military service, while twenty times as many stepped into civilian jobs, including positions previously closed to them. More than seven million women who had not been wage earners before the war joined eleven million women already in the ...

As a diehard Oxford comma loyalist, this ruling made my day. While many of the sites I write for as a freelance blogger follow AP style (including this one), which is sans-serial comma, I still sneak one in when it seems needed to avoid confusion. This case backs up that habit as more than just an old-school tic I haven't yet let go.
